

Link Engineering to Exhibit at Military Vehicles Exhibition & Conference

Plymouth, MI –

Link Engineering announces its plans to exhibit at the **Military Vehicles Exhibition & Conference** to be held at the Cobo Convention Center in Detroit, Michigan, from August 11-12. Military Vehicles Exhibition & Conference is the largest stand-alone military vehicles exhibition in the US displaying the latest vehicles (wheeled and tracked), components, and after-market products in the light, medium, and heavy categories.

Link Engineering, exhibiting in Booth #253, is a US business, established in 1935, which evolved with the transportation industry to provide optimal solutions through comprehensive laboratory and vehicle testing services for military/commercial vehicles. Link has a presence on several proving grounds in North America for conducting tests in an efficient and secure manner.

"We are delighted that Link Engineering is joining us for the largest gathering of military vehicles professionals, at IDGA's Military Vehicles Exhibition," says Michael Gallo, Managing Director of IDGA Exhibitions. "Link Engineering is truly a leader in the field of precision testing equipment and services. We look forward to helping them further connect the Link Engineering brand to the vehicles community."
